

## Working in Manchester

### Bennett Architectural makes light work of technically challenging projects.

We have worked on a variety of projects in Manchester, all with bespoke designs ranging from refurbishments to new builds, with an emphasis on high quality glazing solutions.

**Value**  
£2,200,000

#### First Street North & Vita Student Accommodation

An eye catching mixed use development featuring a hotel, restaurants and a multistorey car park. Simpson Haugh & 5Plus Architects

**Value**  
£2,000,000

#### Westminster House

Refurbishment to transform a dated building in a busy city centre location into modern offices working to a set budget. *BDP Architects*

**Value**  
£1,000,000

#### Etihad Stadium

Partially glazed facades and curtain walling installed for the extension of Manchester City FC's South Stand. *Populous*

**Value**  
£500,000

#### Overseas House

Transformation of dated building to modern architectural statement with bespoke glazing package. *Bridge Architects*

**Value**  
£380,000

#### Arkwright House

Refurbishment of listed building including an extension of the upper floor and the rear of building providing high quality glazing. *Sheppard Robson*

We have also provided high quality glazing solutions for student accommodation schemes in Southampton for their Vita Building and we will finish work on New Era Square in Sheffield later this year.

**Vita Southampton**  
Student Accommodation – FUSE

**New Era Square - Sheffield**  
Student Accommodation – HCD Architects
